NICOLÁS ARÉVALO

SOFTWARE ENGENEER

PERSONAL

I'm a student at the Universidad Surcolombiana. I'm passionate about the tech. I like to mix it with my desing passion too. I'm about to finish the college and I'm looking for new experiences. New challenges. Get out of my comfort zone.

API'S PROJECTS
March 2022

Lately, I've been doing APIs projects, consuming it to show the results. I linked it on my website. I did it using many technologies to learn new things each time.

MY OWN WEBSITE
June 2022

I built it with Astro and vanilla JS. Something new for me but it was a good challenge and I think niiico.com look good at the end.

EDUCATION PROFILE

www.n9.cl/nico-diplomas

UNIVERSIDAD SURCOLOMBIANA
Software engeneering

From 2018 - present
I'm a program monitor, so I give support to the new semesters which give me even more experience and knowledge. A year and a half.

SCRUM FUNDAMENTALS

SENA
Systems Technician
With SENA, that introduced me to this amazing world.

PLATZI - UDEMY

I love to study, and I'm always looking for new knowledge, to be updated. On the link above you can check some of my courses.
